

Dear Congressman Young:

As the 110th Congress draws to a close, I want to thank you for your untiring support and dedication to the men and women serving in uniform and their Families.

It is precisely because of the support you provide that the Army Reserve has been able to add over 7,000 Warrior Citizens to our end-strength over this last year. We continue to build a skill-rich, capable and ready force to ensure our national security.

Also, special thanks for recognizing the Army Reserve centennial year through the resolution you promoted on our behalf. Your efforts honored all those men and women who, over the last 100 years, have served through trials and tribulation and still stand ready to face the threats and challenges of the 21st Century.

I look forward to building on past successes in the years to come as we work together to secure America's future.

ARMY
STRONG

Very respectfully,
