INTER-PARLIAMENTARY GROUP

April 21, 2021

Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for the Port St. Nicholas Road Paving and Waterline Replacement in forthcoming surface transportation reauthorization legislation.

The project sponsor for this project is the City of Craig, Alaska. The Alaska Department of Transportation would be the likely recipient and manager of the project funds. A previous phase of the project was also funded previously via the Tribal Transportation Program. The City of Craig is located at PO Box 725 Craig, AK 99921.

The funding is designated to pave and additional four miles of road and replace two miles of water transmission line within the road corridor.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits for the city and residents of the City of Craig. The project is included in the Tribal STIP (road section) and the Alaska Drinking Water Fund Intended Use Plan and would create economic and environmental benefits for the community.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Don Young".
