Dear Chairman DeFazio and Ranking Member Graves:

I am requesting funding for the King Cove Road Reconstruction & Pavement project in forthcoming surface transportation reauthorization legislation.

The project sponsor for this project is the city of King Cove, Alaska. The city is located at P.O. Box 37 King Cove, AK 99612.

The requested funding is designated to repave the city's 10-mile road system.

The project is an appropriate use of taxpayer dollars and is anticipated to have the following benefits for King Cove. The city's roads are in disrepair and require partial reconstruction, including new asphalt pavement. The project will benefit the entire community by having a safe and dependable local road system to fully support all residential, commercial, and industrial activities throughout the city.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Don Young".
