REPUBLICAN
STEERING COMMITTEE

4/27/2021

Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Kodiak Fire Station Replacement project in Fiscal Year 2022.

The entity to receive funding for this project is the City of Kodiak, 710 Mill Bay Road, Room 110, Kodiak, Alaska 99615.

The funding would be used for a new fire station. The City of Kodiak's Fire Station, which is located in downtown Kodiak, was constructed in the 1940's with two block and wood-frame additions added in the 1960's and 1970's and has outlived its useful life. The current building is riddled with cracks from that seismic damage and is located in the tsunami inundation zone. The new facility would be located outside the tsunami inundation zone. It would be a large enough structure to house Fire and EMS personnel, fire and rescue apparatus, three ambulances, many types of specialty equipment and medical supplies that support the Advanced Life Support services offered to the entire Kodiak area.

I certify that neither I nor my immediate family has any financial interest in this project."

Sincerely,

A handwritten signature in black ink that reads "Don Young".
