Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding of \$750,000 for Salmon and People: Engaging Diverse Communities in Stewardship of Wild Salmon in Cook Inlet in Fiscal Year 2022.

The entity to receive funding for this project is the University of Alaska, located at 2025 Yukon Drive, Fairbanks, AK 99775.

The funding for this project is designated to expand the scope and provide field-based engagement and alternative ways of conveying scientific information about watershed habitats and salmon. A consortium of research organizations has been working collaboratively through the Katchemak Bay National Estuarine Research Reserve (KBNERR) at the University of Alaska Anchorage to conduct studies on watershed ecosystem support for Salmon.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

A handwritten signature in black ink that reads "Don Young".
